

Professionals Trust Green Seal for Facility Care

Green Seal is the nation's leading authority on safe and effective cleaning and facility care.

More than 1 billion square feet of space is serviced by commercial cleaning companies committed to following Green Seal's Safer Disinfection Guidelines. As the COVID-19 crisis amplifies the importance of cleaning, Green Seal is proud to guide the building service professionals who safeguard the places where we live, work and learn.

GREEN SEAL CERTIFICATION CHANGED THE WAY WE THINK ABOUT SUSTAINABILITY

"GS-42 certification for our in-house custodial operation marked a major milestone in our progress towards a more sustainable campus at Harvard. By ingraining the rigorous requirements throughout all of cleaning activities, we have changed the way our staff thinks about the term 'sustainability' ... from a slogan to Standard Operating Procedure."

Jeffrey Smith

Director of Facilities Maintenance Operations at Harvard University

GOVERNMENTS REQUIRE GREEN SEAL CLEANING PROGRAMS

"Most Government contracts for facility services now require a Green Seal compliant cleaning program. The bottom line is that if you don't qualify, then you won't win."

Jimmy Wilburn, President

LEED® SPECIFIES GREEN SEAL CERTIFIED CLEANING SERVICES

"The green cleaning portion of the LEED EBOM (Existing Buildings Operation and Maintenance) standard can provide 6 or more points at little or no cost to the building owner. More and more cleaning contractors and in-house facilities staff are achieving certification to Green Seal's GS-42. Those who have achieved GS-42 certification are ready and available to assist property managers with providing the documents and materials required for submission to the LEED AP."

Marion Stecklow, Executive Director

HEALTHY SCHOOLS CAMPAIGN

GREEN SEAL HELPS EXPAND UPON OUR WORK IN GREEN CLEANING FOR SCHOOLS

"Our partnership with Green Seal helps expand upon our work in green cleaning for schools and universities. We've been building up a network of facility directors across the country, and we're excited to be able to offer them a certification to evaluate and improve their programs – and ensure all students attend schools that support their health and wellness."

Rochelle Davis, President and CEO

GREEN SEAL HELPS ENSURE WE MAINTAIN OUR STANDARDS

"Being Green Seal-certified gives BMS leverage with prospects. It's an important part of ensuring we maintain our standards. Our staff receives annual Green Seal training, which results in company-wide buy-in. Green cleaning has a significant impact on the health of janitorial workers and building occupants."

Michael Dougherty, President

NC STATE

GREEN SEAL LEAVES NO STONE UNTURNED

"Green Seal verifies every chemical, every piece of equipment, your cleaning process, your training program. They leave no stone unturned. It is rigorous and comprehensive and helped us standardize our cleaning program in every building."

Vincent Taylor, Deputy Assistant Director

GREEN SEAL IS A DIFFERENTIATOR FOR OUR COMPANY

"Being certified as a green cleaning company to Green Seal's GS-42 is a differentiator for our company."

Eric Koch, Sales & Marketing Specialist

OUR TRAINING IS ENDORSED BY GREEN SEAL FOR ACCURACY AND HEALTH IMPACT

"The SEIU 32BJ COVID-19 custodian digital training course is endorsed by Green Seal for accuracy and health and environmental impact. This valuable training course arms workers with information they need to advocate for healthy building environments and to protect themselves on the job as they do the essential work of protecting everyone else."

Kyle Bragg, President

GREEN SEAL IS TRUSTED BY OUR CUSTOMERS

"Ecolabel standards need to be transparent, reward more sustainable solutions, be based on good science, and be unbiased. Green Seal meets those requirements and is trusted by our customers. Green Seal's leadership on rewarding closed-loop dispensing has facilitated use of green cleaning products on a much larger scale than see in other parts of the world."

Daniel Daggett, Executive Director of Sustainability
